

Common Reasons Why Your Bruin Financial Aid Letter May Not be Available

- **You are on an admission wait list.** If you are admitted from the wait list, your Bruin Financial Aid Letter will be available via the [Bruin Financial Aid Portal](#) by the next business day.
- **You did not list UCLA on your FAFSA or CA DREAM Act Application.** Please review your FAFSA at www.studentaid.gov. If UCLA is not on your application, please add our school code 001315 and allow 2-3 business days for UCLA to receive your application and generate your Bruin Financial Aid Letter. If you are a CA DREAM Act applicant, please allow 5 –10 business days for UCLA to receive your application. You can review your [Bruin Financial Aid Portal](#) to see if your financial aid application was received.
- **You may have saved your application on the processor's site without submitting it.** If you did not see a confirmation page at the time you completed your application, your application may have been saved and not submitted for processing. Please log back into the application site and submit it. Please allow 2-3 business days for UCLA to receive your FAFSA and 5 –10 business days for UCLA to receive your CA DREAM Act Application.
- **There was no Student Aid Index (SAI) calculated at the time you submitted your application.** We cannot estimate your eligibility for aid, if the processor did not calculate your SAI. Please log back into your application and submit any missing information that they may be requesting.
